

**(JUST IN ANIMATION)**

**OPEN 3 ELEMENT TEASE:**

**(JOMARIE)**

**(WIPE TO VO)α**

Just in today--

A fatal stabbing in Norfolk.

Police are still investigating the incident that left one man dead.

Most of the neighborhood heard nothing.

One resident is left in shock.

**(JOMARIE)**

**(WIPE TO VO)α**

--plus-- updates on a Virginia Beach murder.

Police have identified the suspect.

And a young by-stander who saw everything.

**(JOMARIE)**

**(WIPE TO VO)α**

and Lead levels have increased in Virginia Beach Public Schools--

And are now detectable.

School and health officials have spoken out on the issue.

**(NEW TONIGHT ANIMATION)**

**NORFOLK STABBING PKG:**

**(JOMARIE)**

We begin with a story new tonight--

**(JOMARIE)**

**(BAM1)**

A man reported dead in Norfolk just this morning.

Police found his body with stab wounds-in the colonial place neighborhood.

Maya Thames went to the scene and has more information along with a resident's reaction.

**(TAKE PKG)**

**(MAYA)**

"I'm here on the corner of 38th street and Bluestone Avenue. Police say they were called here just before 6 am for reports of a man stabbed to death."

**(PKG)**

(MAYA)

101\_5401

It happened here early Sunday morning nearly an hour before the--

101\_5395

church doors opened--right across the street.

101\_5391

Many of the street's residents did not hear anything going on outside-or even realize what happened.

(Jennifer West, Resident)

101\_5408

18;52;23-18;52;26

"No, I haven't heard anything. I didn't know until you said something."

(MAYA)

I spoke with 38th street resident Jennifer West who lives just doors down from where the body was found.

For her-- this situation is not typical.

(Jennifer West, Resident)

18;53;30-18;53;33

"Yeah that's not likely around here. That doesn't happen."

18;51;17-18;51;25

"It's usually pretty quiet and pretty calm. I walk to the store at nighttime and I've never had any issues or any problems."

(MAYA)

Now this has left West uneasy.

(Jennifer West, Resident)

18;51;38-18;51;43

"Nervous and scary--not wanting to go outside...yeah."

18;52;16-18;52;18

"I walk a lot around here."

(MAYA)

In fact--she was outside the night before.

(Jennifer West, Resident)

18;52;08-18;52;13

" I walked to the store in the dark. So yeah, it could've been me I guess."

(MAYA)

But West says that police are usually good with patrolling the neighborhood.

(Jennifer West, Resident)

18;52;51-18;52;58

"Yeah and you do see police a lot riding through and going slow and checking things out. So yeah, they're pretty good about that."

(MAYA)

But does this one crime change her perspective on the neighborhood?

(Jennifer West, Resident)

18;52;31-18;52;34

"No not really because I know that not everybody is like that."

(MAYA)

Here's her solution on what the community can do.

(Jennifer West, Resident)

18;51;53-18;51;57

"Probably more people watching out. Maybe more lights 'cause it is pretty dark at night."

(MAYA)

Police are still trying to figure out what happened here and why.

At this point-- police have not released any information about the suspect or the victim.

If you know anything call the crimeline at 888-LOCK-U-UP

In Norfolk.

Maya Thames--Ten on your side.

## **(NEW INFORMATION ANIMATION)**

### **VIRGINIA BEACH MURDER UPDATE:**

(JOMARIE)

New information on the Virginia Beach murder that happened on the 900 block of Westminister Lane.

(OTS)

The suspect is 31-year-old Brandon Wyatt Wysong of Virginia Beach.

(BOARD)

He's facing murder and multiple gun charges--

Wysong is being held in the city's jail.

(TAKE VO)

The victim's name has not been released.  
But--the victim's 11 year-old daughter saw everything--  
And even tried to stop the bleeding.

#### **LEAD LEVELS VIRGINIA BEACH SCHOOLS:**

(JOMARIE)

(OTS)

Lead exposure may now put students' health at risk

(TAKE VO)

Unsafe lead levels were found in 27 Virginia Beach public schools.  
Officials detected the lead in drinking and food prep sources.  
Families received an alert from the superintendent after the water testing.  
The Centers for Disease Control says there are no safe lead blood levels for children.  
Their call to action--  
All lead exposed sources should be controlled or eliminated.  
More updates to come.

#### **NORFOLK EMERGENCY LANDING:**

(JOMARIE)

(OTS)

A Southwest airplane-- made an emergency landing at Norfolk International.

(TAKE VO)

The plane departed from Baltimore/Washington International Airport.  
Soon after-- worries sparked of potential smoke in the cabin of Flight 811.  
Turns out it was a coffee pot that set a small fire--but was put out before landing.  
Everyone was safe and transferred to a different aircraft--  
Leaving them over two hours behind on their flight to Punta Cana.

#### **ODU SEXUAL ASSAULT PKG:**

(JOMARIE)

(OTS)

We have more coverage on a local University's sexual assault report.  
According to an O-D-U safety alert-- one happened last Friday night around 8:45  
The incident took place on west 49th street-- just blocks from Hampton Boulevard.  
Students know the facility as Rogers Complex.

(WAVY 10 ANIMATION)

10 on your side's Maya Thames went over to Old Dominion today.

#### **(DEVELOPING NEWS ANIMATION)**

(TAKE PKG)

(Anonymous Student Interview)

(Anonymous Student)

(11;30;58)

"I don't feel safe. Like it's scary."

(MAYA)

The repeated incidents of sexual assault have shaken students at O-D-U.

(Student)

(11;30;16)

"... like I'll turn my head over my shoulder sometimes just walk fast try to hurry up and get to my dorm."

(MAYA)

Today I spoke with an O-D-U freshmen who expressed her worry.

An O-D-U safety alert was sent out to students warning them of the reported sexual assault. But even before that-some students already knew.

(Student)

(11;24;25)

"I was baffled. I was really hurt by it because...I found out through twitter. I didn't find out through the school. I didn't find out through our President, Roddrick."

(MAYA)

The student feels like the University is not properly handling the incident.

(Student)

(11;24;47)

"It made me feel like the school doesn't care. They recently sent out an email about one of their faculty members receiving a hate crime...and including the FBI and the police. But they didn't say anything about the rape that happened or anything."

(MAYA)

These actions did not reassure this student.

Who can she turn to in times of trouble?

(Student)

(11;26;31)

"I mean the only person I feel like I can really talk to is my mom. That's it."

(MAYA)

However--on campus she says she can depend on others.

(Student)

(11;26;39)

"...the other students on campus--they're here to help more than the president of the school, you know like professors and stuff--the students care more."

(MAYA)

The student has also taken a strong stance against the incident.

(Student)

(11;27;47)

"And I feel like--no is no. No girl should go through that at all. It doesn't matter if they like the guy, their boyfriend, girlfriend--it does not matter. No is no."

(MAYA)

And she has specific security expectations of the University.

(Student)

(11;30;48)

I feel like it should be very increased. Police should be increased, and cameras should be increased."

(MAYA)

But if not--she's considering making a move to take matters into her own hands.

(Student)

(11;32;02)

"If it keeps happening, and nothing gets done then it is a very high possibility of me transferring. Yes."

(MAYA)

(TAG)

We mentioned an O-D-U safety alert was sent after the incident was reported.

Back in September when an assault was reported-- no alert was sent.

O-D-U police reasoning-- "no continuing threat to the campus community."

For a list of O-D-U's sexual assault resources visit WAVY-DOT-COM.

Maya Thames--Ten on your side.

**(WASHINGTON BUREAU ANIMATION)**

**PUBLIC IMPEACHMENT HEARING:**

(JOMARIE)

From the Washington DC Bureau--  
History has been happening.

(OTS)

The past two weeks mark beginning of Presidential Impeachment hearings--with public access.

(TAKE VO)

The nation hasn't experienced this in more than two decades.

Witnesses were called to testify about a July phone call between President Trump and Ukraine's President.

The U-S President responds and claims that a company is holding the Democratic National Committee's server.

His former White House Top Russia expert makes combative remarks.

(TAKE SOT)

Pres. Trump

(00;00-00;03)

"They must think we're nuts in this country."

Pres. Trump

(00;12-16)

"Cause frankly, I want a trial."

Brian Kilmeade/ Fox & Friends Co-host:

"You want a trial?"

Pres. Trump:

"Oh, I would."

Pres. Trump:

(00;25)-(00;36)

"They gave the server to CrowdStrike or whatever it's called which is a company owned by a very wealthy Ukrainian. And I still want to see the server."

Dr. Fiona Hill/ Former White House Top Russia Expert:

(00;46)-(00;51)

"This is a fictional narrative that has been perpetrated and propagated by the Russian security services themselves."

(MORE VO)

That last comment refers to the President's theory of "CrowdStrike" hacking the D-N-C's server.

According to NBC news-- the cybersecurity firm is not owned by "a wealthy Ukranian"-- But is a California based company hired by the D-N-C.

The President also mentions that in light of the hearings-- he's inviting an impeachment trial.

But the fate of a trial lies in the hands of the House--controlled by the Democrats.

(RIGHT NOW ANIMATION)

**NASA NEEDS SCIENTISTS:**

(JOMARIE)

(VERT2)

NASA's working to get back to the moon, to Mars --and beyond.

To do so--they need smart people in critical roles.

(TAKE VO)

Scientists-- to help the U.S. make a more permanent mark in space.

NASA has plans to not only secure a station on the moon--

But to successfully send astronauts to Mars.

Training is set in place for current students to become NASA's future.

And it's all hands on deck because the agency is not alone in making this possible.

(TAKE SOT)

<U.S. Sen. Roger Wicker/(R) Mississippi>

"None of these missions would have been possible without the support and partnership of America's educational system."

<Dr. Josh Gladden/University of Mississippi Vice Chancellor of Research>

"...nothing can hook a young college student into a NASA career faster than working on a real-world problem with NASA engineers."

(MORE VO)

Mississippi Senator Roger Wicker and his committee partnered with America's educational system-- training students to become scientists, engineers and mathematicians.

But a big concern with these trainings--the funding.

NASA's next budget is supposed to cover costs to motivate high school students into STEM careers-- and create more research opportunities for college students.

The plan is to focus on women and minorities in rural areas.

## **BALLET VA DEBUTS:**

(JOMARIE)

Classical ballet takes a leap into Virginia.

(TAKE VO)

Ballet Virginia debuts their new dance company--

bringing professional and classical ballet to Hampton Roads.

The dance company and school share a location in the Ghent neighborhood.

Ballet Virginia has 10 full-time dancers from across the nation.

But not only do they dance--they teach..

The Nutcracker is the company's next performance.

Don't miss it on December 18th at the Sandler Center.

## **VB ANIMAL SHELTER:**

(JOMARIE)

(VERT 2)

Now's the perfect time to make room for a furry friend.

**(TAKE VO)**

The Virginia Beach Animal Care and Adoption Center is full.

Over 150 cats and dogs need a "fur-ever" home-- it could be with you.

Or if you've lost your pet, it's recommended to check-in with the shelter.

The center is located on South Birdneck Road.

**(WAVY.COM ANIMATION)**
