

**September 25, 2019-**

**Drone Drop Off:**

An inmate in an Ohio county jail received a drone drop off delivery.  
Surveillance video caught the drone dropping the package at the jail's outdoor recreation complex.  
Inside the special delivery-- marijuana and a cell phone.  
This happened back in June at the CUYAHOGA County Jail.  
The prosecutor's office is now reviewing the case.  
It has not been determined if criminal charges will be made.

**Low-aspirin therapy:**

Pregnant women have been discouraged from using aspirin for years.  
But now two organizations are advising low dose aspirin therapy-- specifically for women at risk of pre-eclampsia.

The American College of OB/GYNs and the U-S preventive services task took this stance.  
Pre-eclampsia causes a spike in the mother's blood pressure and damage to organs-- putting her and her baby at risk.  
The therapy can prevent blood clotting and poses no significant risk.  
Mother's allergic to aspirin or similar drugs should first talk to their doctors.

**NY Rockland County Measles Outbreak:**

The measles outbreak is now over in New York's Rockland County.

This was just one of the 12 hundred and 41 cases in 31 states that have been confirmed.  
More than 75 percent were connected to outbreaks in New York.  
In most cases these people were not vaccinated.  
No newly found cases have been reported since August 13th.

**Walmart Offers College Health Education to Employees:**

Walmart employees will have the option of a college education through their job.  
The cost-- a dollar a day.  
The retail champion expands on its "Live Better U" education program.  
They will offer seven bachelor degrees and two career diplomas--all in health-related fields.  
The goal is to fill the need for health care roles throughout stores--including Sam's Club.  
So far 13 thousand people have enrolled.  
50 thousand are expected to enroll in the next 5 years.

**Marshalls Online Store:**

Marshalls customers can now shop from home- work- or anywhere with internet access.  
Marshalls-dot-com is now more than a store locator.

Customers can buy their favorite top brands at expected low prices directly from the site.  
Sales can be returned via mail and in-store.

### **Former Police Officer Amber Guyger Found Guilty:**

Update on the case where a Dallas Police Officer entered her neighbor's apartment--shot and killed him.

Yesterday 26-year-old Amber Guyger was found guilty for the murder.  
But Guyger's text message history has delayed her sentencing.  
The prosecution claims these texts show that Guyger is a racist.  
The messages were prohibited for review during the trial.  
Now--the judge is considering them for sentencing.  
Guyger faces up to life in prison.

### **Former Police Officer Amber Guyger Found Guilty (tease):**

Former officer guilty of murder.

What recurring information is now being considered for sentencing?

### **Former Police Officer Amber Guyger Sentenced to 10 Years:**

Former Dallas Police Officer who entered her neighbor's apartment, shot, and killed him has been sentenced to 10 years.

A jury found 26-year-old Amber Guyger guilty of the murder yesterday.  
This was day 2 of the sentencing hearing.  
Prosecutors read some of Guyger's text message history to judge to influence sentencing.

The messages were prohibited for review during the trial, but the judge allowed them during sentencing.

Guyger was facing up to life in prison.

### **Former Police Officer Amber Guyger Sentenced to 10 Years (tease):**

Just in-- former Dallas officer sentenced for murder.

Stay with us for your weekly weather.

10 on your side-- we'll be right back.

## **GEN Motors Strike.**

It's looking like "major gains" for auto workers after a deal made between The United Auto Workers union and General Motors.

According to the Union's Vice President forty-nine thousand members have been on a month long strike fighting for strong and fair contracts.

The deal's details have not been released.

We do know that lump sum and annual pay will raise.

There will be product guarantees for U.S. factories.

And no changes in health care.

Union committees will vote on the deal-- all of the Union's members will have to approve after that.

## **October 21-**

### **Dallas Tornado:**

Last night a dallas storm uprooted trees and flattened homes-- leaving many residents in disbelief of the damage.

(TAKE VO)

While there have been no reports of injury, death, or missing persons-- fire and police crews are still searching for people potentially trapped in the aftermath.

And a National Weather Service crew is out to determine if it was in fact a tornado that hit the area.

The city's Mayor is grateful that everyone survived.

(TAKE SOT)

(Mayor Eric Johnson)

"considering the path that the storm took went across a pretty densely populated part of our city, I think we should consider ourselves very fortunate that we did not lose any lives, no fatalities and no serious injuries in last night's storms so I think we should all be very grateful for that."

(MORE VO)

Officials are now trying to determine if Dallas is eligible for federal disaster funding.

According to the city's Disaster and Emergency Management-- about 800 homes need to have major damage or be destroyed-- And be uninsured in order to ask the ask for relief from the white house.

The city has come together to recover.

Police are assessing traffic signals in affected intersections.

T-D-O-T is adjusting message boards to keep drivers safe on the road.

### **Florida Tornado Damage:**

Tropical Storm Nestor brought a tornado to Central Florida-- now cleanup is underway.  
(TAKE VO)

The powerful twister was classified as a EF-2 tornado.

It's winds at 120 miles per hour.

Homes and businesses are badly damaged.

Some with holes in the roof-- or no roof at all.

Winds brought down trees and powerlines.

No serious injuries have been reported.

### **Virus to Blame for Polio Illness(tease):**

After hundreds of reported cases in the country and seven here in Virginia--

What are scientists saying about this mysterious illness.

### **Dallas Tornado:**

A Dallas storm that leaves residents in disbelief.

### **October 28-**

### **Patient First:**

Get ready for trick or treating.

Patient first wants to share a few tips to "scare up a safer Halloween."

Always know your childrens' trick or treating route.

Also give them a cell phone to check in.

Have a 1-to-4 adult to child ratio.  
Wear something bright or reflective.  
Check your child's candy before eating.  
And lastly--set a curfew to come home.

Patient First is giving away free safety blinkers--  
And a free digital x-ray of your child's candy.

**Patient First (2nd version):**

All new at 6:30 - Patient First is helping you "scare up a safer Halloween."

Stop by any Patient First to grab a free safety blinker.  
Put the light on any costume to make trick or treating safer in the dark.

Digital candy x-rays are also up for grabs.  
Bring your kids and their bags to any Patient first.  
Kids can look at cool candy skeletons.  
And parents can ensure that bags have no unwanted glass, metal or plastic.  
But candy bags should still be checked.

**Patient First Halloween Tease:**

Patient First is offering more than Halloween safety tips this year.  
What are they offering for free?

**Halloween Autism:**

Halloween is this week.  
Thousands of children will go door-to-door on the lookout for candy.  
Something you should lookout for at your door-- a blue pumpkin bucket.  
To raise autism awareness one mom started a campaign to make trick-or-treating more inclusive.  
The autism awareness color--blue became a Halloween bucket symbol since her son can't say "trick-or-treat."

**Halloween Autism Tease:**

One mom brings awareness to this disorder.  
How her campaign makes Halloween more inclusive.
